YTD Endorsement Growth Heatmap

Definitions

Active originators:

Count - Number of originators with at least one endorsement in the given time period

Percent Change - The percentage change in the count of active originators period over period.

Average Loans per originator:

Count of endorsements in a given month divided by the number of active originators in the same month. An overall average per originator is then calculated for all months in the same period.

Market Share:

A measure of success in a market relative to other originators. Percent of total endorsements originated by a given originator.

Penetration:

Percent of Target Market with an active Reverse Mortgage in service as of report date.

Rank by originator:

Originator rank by total endorsements in the time period.

Rank by Total Volume:

Rank of geographic area by total endorsements in the time period.

Target Market:

Number of Senior (62+) Homeowner Households.
